WORK EXPERIENCE

WRTN TECHNOLOGIES | PRODUCT DESIGNER

Feb 2025 – Present

- › Own end-to-end UX as the sole designer across Wrtn's AI products — an AI-powered search and assistant platform and an AI character-chat app.
- › Shipped productivity tools for students that lifted user engagement and satisfaction scores **+18%**.
- › Launched RPG-inspired gamification and an AI image-generation tool (powered by Nano Banana), boosting **engagement +42%** and **revenue ~20%**.
- › Defined MVP scope and led UX/UI and branding direction through user interviews, Mixpanel analysis, and A/B testing.
- › Built scalable design-system updates — color tokens, typography, components — for engineering, and analyzed **1,000+ surveys** to localize for Korean and Japanese users.

ACCENTURE | DESIGN SENIOR ANALYST

Aug 2022 – Jan 2025

- › Co-led Samsung's global checkout redesign (Checkout 2.0) as a founding designer across **65+ countries**, and mentored three junior designers through documentation and reviews.
- › Piloted the redesign in UK/AU, delivering the quarter's highest **+34% purchase conversion** and a notable drop in customer-service requests.
- › Created a new checkout design system and ran design QA for accessibility compliance and multi-language localization.
- › Led art direction as the sole designer on a ZOZO (Z Holdings) seasonal campaign that drove the quarter's highest sales, owning banners and visual direction.
- › Designed **100+ screens** across e-commerce and banking for KDDI, Daiwa Securities, Japan Post, and government clients, improving interfaces for **10M+ users** via usability research and iteration.

DELOITTE CONSULTING | UX DESIGN INTERN

Jun 2021 – Aug 2021

- › Drove user and competitor research for a **Kia Motors** Salesforce CRM implementation, then designed and delivered interactive prototypes that supported early product validation.
- › Partnered with Salesforce UX architects to align flows with business requirements and synthesized findings into stakeholder presentations.

YAHOO! JAPAN | UI DESIGN INTERN

Sep 2020

- › Diagnosed low click-through on Yahoo! Finance campaign banners through user interviews and Dclip analysis, then prototyped UI improvements to raise visual prominence.
- › Ran usability testing that lifted user interaction **+15%** and earned positive senior evaluation.
